In regards to: Freddy Chesney and Centerline Utilities, Inc.

To Whom It May Concern:

I have known and worked with Freddy Chesney for the past 7 years and wholeheartedly recommend him and Centerline Utilities Inc. to you for all your utility and sitework needs. Having completed multiple projects together and being currently contracted at Frenchman's Harbor and Parkland Golf and Country Club, I am personally familiar with Freddy's professional capabilities. He is very detail oriented and relationship driven and will give you a quality product in a timely manner at a reasonable price.

Having a team that I can fully trust and rely upon makes my job much easier. We have hard deadlines that can not be missed as well as finite budgets that cannot not be surpassed. The intangibles that Freddy and his team bring to the table are invaluable.

Sincerely,

Donald R. Barnes, PE

Regional Vice President of Land Development
